U.S. Steel Names New Boss Here

William G. Davis has been appointed general superintendent of Torrance Works of United States Steel, it was announced today. Davis, who has been serving as assistant general superintendent at the Corporation's Pittsburg Works near San Francisco, succeeds Edward C. Kinyon, recently named general superintendent at Cuyahoga Works in Cleveland. A native of Columbus, Ohio, Davis was graduated from Ohio State University with a degree in industrial engineering.

HE BEGAN his employment with U.S. Steel at Carnegie-Illinois Steel Corp. in 1937 as a metallurgical observer. After working in various capacities in the industrial engineering and production planning departments, he was transferred to the San Francisco offices of Columbia Steel on special assignment in 1947.

The following year Davis was transferred to Pittsburg Works as assistant superintendent of production planning and later that year was promoted to superintendent of that department — rolling and rod mill in 1955.

IN 1956, he moved to U.S. Steel's Geneva Works, Provo, Utah, as superintendent—slab, plate and strip mills. He returned to Pittsburg in 1959 as assistant general superintendent. Davis and his wife, Margaret, and children, William George, 21, a student at San Francisco State University, and Jane, 13, plan to move to this area from their home in Walnut Creek.

Install Two As Members Of Jaycees

Bob Baersch, manager of the Jump 'N Jack Restaurant, and Officer Don Hartel of the Torrance Police Department were installed as members of the Torrance Junior Chamber of Commerce during ceremonies held last week.

President Harold Smith, in welcoming the new members, said he hopes the Jaycee chapter will grow to 75 members before the end of June. Smith urged all members to join in the recruiting program.

Membership in the Junior Chamber is open to all men between the ages of 21 and 35. A women's organization, the Jayceettes, is open to wives of Jaycees.

Last week's program was presented by Lt. Col. Frederick St. Amour, commanding officer of the Southwest Los Angeles sub section, and Sgt. Don J. Smith of the Hawthorne Army Reserve Center. The officers explained the new reserve program and suggested any young man who still has a military service obligation should contact the Army Reserve for information.

"By meeting with school, civic, and home owner groups we hope to clarify why the board feels it is essential that the override be approved and to answer questions people may have concerning it," Mrs. Watts said.

Those unable to attend the Riviera meeting may attend a meeting at the South High School cafeteria, Jan. 28, at 8 p.m. where the override will be discussed by Mrs. Watts and Dr. Louis Kaplan, district assistant superintendent.

Van Ness Crossing Guard Approved Pending Study

City Councilmen authorized a temporary crossing guard for 171st Street and Van Ness Avenue Tuesday evening, pending a study of the request by the Traffic Commission.

The request, contained in a petition signed by 151 parents in the area, will be studied by a citizen's committee and the Traffic Commission.

Mrs. Fred Roder told the council the neighborhood had asked for a guard several times, and had been denied each time. She said the Police Department has sent counter cars to the intersection. Lt. Don Nash, a member of the commission, said studies of the intersection do not warrant a crossing guard. The statement drew quick fire from some of the petitioners, who said two other Van Ness Avenue intersections have crossing guards and the street is "no less dangerous at 171st Street."

The council asked for a recommendation from the commission, and authorized a temporary guard pending the report.

Hahn, Cities Protest Park Assessment

Supervisor Kenneth Hahn this week stated his opposition to the proposed formation of a park assessment district known as the Santa Monica Mountains Regional Park. Boundaries of the 27,000-acre district would extend from the Ventura County line to the northern limits of Palos Verdes, including Culver City and cities in the Centinela Valley and Southwest area.

The cities of Hawthorne, Inglewood, Torrance, Lawndale, Gardena, El Segundo, Hermosa Beach and others have requested they be excluded from the park assessment district.

The supervisor said the governing body of a park district would be "just another cog" in the complicated machinery of government and that any taxes levied for parks would be wasteful duplication of those paid existing city and county government.
